

Five Minute Chat: Data Center Trends with Eric Jensen

The latest AFCOM State of the Data Center Report, post-COVID, shows that data center numbers are growing and there's no indication of slowing down. This includes cloud, edge, colocation, distributed environments and more. So, many people are looking even deeper into efficiency to keep pace with all this growth.

Watch this special FastChat video with our VP/GM, Eric Jensen, and Bill Kleyman, EVP of Digital Solutions at Switch, as they discuss the very latest data center trends and outlines some of the top data center efficiency designs.

Specifically, you'll learn about:

- The latest trends just released from the AFCOM State of the Data Center Report surrounding data center growth and efficiency
- With speed and scale, come challenges with compromises and cooling
- Top 3 List: Know what to ask your vendor

- Top 3 List: Understand which technologies are helping evolve the efficiency of our industry

Stay Safe. Stay Inspired.
