

To: All Data Aire Representatives & Distributors

Dear Colleagues,

**BACKORDER NOTIFICATION: Outdoor Heat Rejection Devices**

We regret to inform you that due to the ongoing global supply challenges, we've recently received news of short/late shipments for axial fans -- both the EC axial fans and the controllers used on AC motors w/ prop fans.

We are pursuing every available option to address this issue -- including parts substitutions where practicable.

We are working with our suppliers on a daily basis and will continue to update you on progress.

Regards,

Mike Smith  
Operations Manager
