

To: All Data Aire Representatives & Distributors

Dear Colleagues,

Due to the current challenges in the supply-chain world-wide, Data Aire is experiencing extended lead times and shipping delays on many of the components used in our products.

As a result, Data Aire is now projecting that all orders released after 9/20/2021 will be scheduled for delivery no earlier than January 2022.

Be assured we are doing everything we can to procure materials by ordering ahead, expediting, finding multiple sources, and in some cases, sourcing alternate components.

We appreciate your patience as we work through this unprecedented time and work toward returning to our typical lead-times as the supply chain recovers.

Sincerely,

Michael Smith  
Operations Manager  
Data Aire, Inc.
