

New Service Training Series Available

We are offering a new service training series for HVAC technicians via online Zoom meetings.

With these sessions, your service team can learn about Data Aire Systems and how they function in data centers.

Session Topics and Dates:

- Installation & Warranty Procedure 03/10/2021
- Piping Installation and Design 03/17/2021
- Pressure Testing, Evacuating and Charging 03/24/2021
- Pre-startup and Start-up Procedure 03/31/2021
- Dap4 controller / Touch Display / Zonemaster Control 04/07/2021

In addition, attendees can receive training certification and NATE approved continued education credits.
