### OPTUM

Eden Prairie,  
Minnesota

Optum is a pharmacy benefit management and health care services company on a mission to help people live healthier lives and to help make the health system work better for everyone.

Optum, part of the UnitedHealth Group family of businesses since 2011, is powering modern health care by connecting and serving the whole health system across 150 countries in North America, South America, Europe, Asia Pacific, and the Middle East. They serve more than 100,000 physicians, practices, and other health care facilities, as well as 127 million individual consumers. The company combines the world's largest health care database and vast expertise to improve health care delivery, quality, and efficiency. Optum applies market-leading information, data analytics, cutting-edge technology, and clinical insights to help improve overall health system performance. Optum serves customers through three businesses, OptumRx, OptumHealth and OptumInsight, offering products in data and analytics, pharmacy care services, health care operations and delivery, population health management and advisory services.<sup>1</sup>
